PREFACE.

THIS second volume of "The Cyclopædia of Methodism in Canada" has been compiled in order that many items of interest in the work of the Church and its ministers might be permanently preserved. Twenty-two years have passed away since the publication of Volume I., during which four branches of the Methodist Church in Canada have been united, thus largely increasing the number of Ministers, Conferences, Educational Institutions and Missionary Work.

I am grateful for the large number of letters of commendation and approval which have been sent to me regarding my first volume, for the many testimonials of brethren, both lay and clerical, as to its great value and usefulness as a standard work of reference, and also for the unanimous request of the General Conferences of 1890 and 1894 that I should continue the work of compilation, and to the General Conferences of 1898 and 1902 for requesting its publication.

This second volume records the work of the Church from 1881 to the month of April, 1903, and will prove of equal value with Volume I. as a reliable work of reference on the items therein contained.

It will be noticed that some changes have been made in the arrangement of the names of the Ministers in this volume. Instead of giving a separate alphabetical list for each Annual Conference as in Volume I., I have included all in one alphabetical list, indicating in connection with each name the Conference in which his station was located. This will greatly facilitate the work of reference and somewhat condense the size of the volume.

It will also be noticed that the part referring to the Circuits and Missions with the Ministers stationed thereon, etc., has been altogether omitted. It was found exceedingly difficult, and in some cases impossible to continue the record with any degree of satisfactory correctness, owing to the many changes made in the boundaries and work of a large number of the Circuits and Missions by the amalgamation of Churches and the consolidation of the work rendered necessary by the Union of 1883.

Where errors or omissions occurred in the first volume, I have, so far as they have been discovered or made known to me, supplied in this volume the omission or made the correction.

Official positions that have been held in Conference and District relations, and the date and source of Academic or University Degrees, are herein recorded so far as information has been obtained concerning them.

Satisfied that this volume contains much that is not recorded elsewhere, and much that will be valuable and interesting to the Ministry and Laity of the Church, and to the future historian of Canadian Methodism, it is commended to the patronage of the Church, praying that this new century may witness yet greater and more glorious triumphs of the Kingdom of Christ.

GEO H. CORNISH.

THE UNITED GENERAL CONFERENCE

OF 1883,

WHICH PROVED TO BE

THE FIRST GENERAL CONFERENCE

OF

THE METHODIST CHURCH.

The General Conference of The Methodist Church of Canada during its Sessions in the City of Hamilton, in September, 1882, having prayerfully considered the subject of Methodist Union in Canada, appointed a Committee to confer with any other Committee or Committees that might be appointed by any other Methodist Conference or Conferences, and if possible to aid in preparing a plan or basis for the consummation of a Union of Methodism in Canada.

The General Conference of the Methodist Episcopal Church in Canada, met in the City of Hamilton, in August and September, 1882, and during its Sessions endorsed the principal of Methodist Union, and expressed a willingness to make concessions to effect it, and appointed a Committee to aid in promoting the same.

The Annual Conferences of the Primitive Methodist Church in Canada, and the Bible Christian Church in Canada, were led, in the Providence of God, to move in the same union lines, and by special resolution they affirmed the desirability of securing the unification of Methodism in the Dominion of Canada, and appointed Committees to promote that object.

In the month of November, 1882, the several Committees, as above appointed, met in the Carlton Street Primitive Methodist Church, Toronto, Bishop Carman, of the Methodist Episcopal Church in Canada, was chosen Chairman, and the Rev. Alex. Sutherland, D.D., of The Methodist Church of Canada, was chosen Secretary. From the very first Session it was manifest that a spirit of brotherly love prevailed, and that the Master of Assemblies was present, as a result difficulties vanished, mutual concessions were made, and a Basis of Union was agreed upon, which was subsequently submitted to the Quarterly Boards and Conferences of the several contracting Churches, and approved of by the required majorities.

Whereupon, pursuant to call made by the constituted authorities, the Delegates representing the four Uniting Churches, assembled in the Methodist Episcopal Tabernacle, in the City of Belleville, Ontario, on Wednesday, September 5th, 1883, in accordance with the provisions of the Basis of Union.

The number of Delegates elected to attend this Conference was as follows: Methodist Church of Canada, 206; Methodist Episcopal Church, 54; Primitive Methodist Church, 16; Bible Christian Church, 14. Total, 290.

The following officers were elected:

President,	Rev. John A. Williams, D.D.
Vice-President,	Rev. Edward Roberts.
Secretary,	Rev. Frederick B. Stratton.
Assistant Secretaries.	Rev. J. Cooper Antliff, M.A., B.D. David Allison, LL.D.
Journal Secretary,	Rev. John Bredin.

At the close of the Morning Session it was decided that the Conference should hold its next and subsequent Sessions in the Bridge Street Methodist Church.

At the Evening Session the finding of the Church Courts of the several contracting Churches on the Union question were presented, whereupon the Basis of Union was unanimously adopted, and it was agreed that it should take effect on the first of July, 1884. The name of the United Body to be

The Methodist Church.

It was subsequently decided to divide the whole work into Ten Annual Conferences, viz.: 1, Toronto; 2, London; 3, Guelph; 4, Niagara; 5, Bay of Quinte; 6, Montreal; 7, Manitoba and North-West; 8, Nova Scotia; 9, New Brunswick and Prince Edward Island; and 10, Newfoundland.

The following officers were elected:

APPENDIX TO SUNDAY SCHOOL STATISTICS.

It is cause for profound regret that so few of our Churches and Sunday Schools realize that they are making history. Hence but little data has been preserved, from which may be gathered items of interest concerning their organization and subsequent history.

The Bridge Street Methodist Church and Sunday School in the City of Belleville, Ont., is an exception to the rule. Through the kindness of William Johnson, Esq., who has been Superintendent of the School since 1874, we have been furnished with some of the following items connected with the history of Belleville Methodism, all of which, with others that we have gleaned, are worthy of preservation.

The Superintendents of the School have been:

Mr. Asa Youmans, Dr. Kellogg, Hon. Billa Flint (four times), in all over 30 years; Mr. M. Sawyer (twice), Mr. R. Richardson (twice), Mr. John Booth, Mr. John Elmor, Mr. William Reeves, Mr. G. G. German, Mr. James Ross, and from 1874 to 1902 Mr. William Johnson.

1795.—The first religious service, of which there is any record, in Meyers' Creek, now Belleville, was conducted by Rev. Darius Dunham.

1815.—The first Methodist Class was formed in Belleville with John Reynolds as Leader.

1822.—The first Sunday School was organized as a Union School.

1829.—Mr. Billa Flint united with the School, having moved from Brockville, where he was a member of the first Sunday School in Upper Canada, now Ontario, which was organized in 1811 by the Rev. Wm. Smart, a Minister of the Presbyterian Church. The membership of the School from 1822 to 1829 was from 30 to 60.

1830.—Mr. Flint made a house to house visitation, and as a result the membership of the School rose to 200.

1831.—The School was divided, part forming St. Thomas' Church School, and the remaining portion was organized as a Methodist School. The same year the first Church was removed and a larger one was erected in its place.
1832.—Mr. Flint, now Superintendent, proposed holding a Sunday School Picnic. It was held in "The Grove," where Grove Street now is. This was, so far as can be found out, the first Sunday School Picnic in the world.
1833.—The School was a second time divided, part forming St. Andrew's Presbyterian Sunday School.
1834.—The School was a third time divided, nearly half of it separating to form the Methodist Episcopal Church, now known as "The Tabernacle."
1836.—The Conference met for the first time in Belleville, the Rev. William Lord, of the British Wesleyan Conference, was President, and the Rev. Wm. Case was Secretary. The total number of Ministers connected with the Canada Conference was 107. Its members, 16,044, an increase of 988 over the preceding year.

COX, HENRY, D.D.

1846-1850, see Vol. I., p. 81.

1851 ......Removed to the U.S. and united with the New York Conf. of the Meth. Epis. Church and was stationed at Hillsdale, N.Y., where, during his two years' pastorate, he erected a new church. He was then sent to St. Paul's, Newark, New Jersey, and at the close of two years left as his monument a completed church edifice costing sixty thousand dollars. He was then transferred to the

Maine Conference,
and stationed at Chestnut Street, Portland. There his pastorate continued for four years, two years beyond the limit, to afford him opportunity to complete the payment for the sixty thousand dollar church which he had been instrumental in erecting. Thence he was transferred to the

Rock River Conference,
and stationed at Wabash Avenue, Chicago, in order to save that church which was imperiled with a twenty thousand dollar debt. At the end of two years the debt was gone. Thence he was transferred to the

St. Louis Conference,
and stationed at Union Church, St. Louis. There he had but five members to begin with. He soon succeeded in purchasing the Presbyterian church, a magnificent property which was then offered for sale at thirty-seven thousand dollars. Gen. C. B. Fisk was one of five members who agreed to raise five thousand dollars each toward that contract. Then Dr. Cox travelled through the East taking collections and was successful in removing the whole debt. He was next stationed for two years over a Mission Church, which he had purchased from the Baptists at a cost of twenty-seven thousand dollars. Thence he was transferred to

San Francisco,
to succeed the Rev. Jesse T. Peck at Howard Street Church. There the church parsonage was enlarged and beautified. Powell Street Church, in the same city, next secured his services At a cost of twenty-five thousand dollars he erected a new church, which was dedicated by Dr. Wm. Morley Punshon. By this time the citizens of San Francisco recognized his extraordinary organizing power and called him to the Secretaryship of the

Y. M. C. Association,
whose property was imperiled by an indebtedness of one hundred and fifty thousand dollars. He saved it. Afterward he went to

Southern California,
and spent twelve years in that Conference. Age now began to tell upon him, but still he did not wish to be superannuated, so he organized a new work at Azuza, and when he had finished that he laid aside the toiler's instruments. His sermons were scriptural, logical, eloquent and soul-saving. He died on Nov. 20th, 1897, aged 77 years.

NOTE.—The above items are taken from his obituary in the *N. Y. Christian Advocate*, and will be of interest to his many Canadian friends.

1831, Located and settled in Toronto. While on a visit to England, through the influence of Edward Irving he became a convert to the peculiar theories which he advocated. On his return to Toronto he became a leader in the Irvingite Church, and was for many years pastor of the Catholic Apostolic church, a small building on Richmond St. West. He took little part in any of the great movements of the day; hence he was less widely known than his celebrated brothers.

Died December 27th, 1882, aged 91 years.

EDUCATIONAL.

EDUCATIONAL INSTITUTIONS.

Since the publication of the First Volume of this Cyclopædia of Methodism in Canada in 1881 a growing interest has been taken in efforts to advance the Educational Institutions of the Church. The enlarged Union of the Methodist Church in 1883, the removal of Victoria College from Cobourg to Toronto, its Federation with Toronto University and its affiliation with other Colleges, the New Wesley College at Winnipeg, Manitoba, and the New Columbian Methodist College at New Westminster, British Columbia, are all indications of the steady growth and development of higher education. The high-minded and large-hearted liberality of such honored and consecrated men as William Gooderham, John Macdonald, George A. Cox and Hart A. Massey, of Toronto, Edward Jackson and Dennis Moore, of Hamilton, and Charles Frederick Allison, of Sackville, New Brunswick, will be remembered and honored in the history of Methodist Education in the Dominion of Canada for their noble benefactions to its Colleges and Universities.

THE EDUCATIONAL SOCIETY.

The Consolidation of the several branches of Canadian Methodism in 1883 led to the re-organization of the Educational Society.

At that time the Educational Work of the Methodist Church of Canada embraced the following:

1. The Theological and Literary Training of Candidates for the Ministry in the Divinity Schools at Cobourg in the Province of Ontario, at Montreal in the Province of Quebec, and at Sackville in the Province of New Brunswick.

2. The University Work of Victoria College at Cobourg, and of Mount Allison College at Sackville, in which the principles of Philosophy, Science and Literature are studied in their relation to Christian truth.

3. The Colleges for the higher education of Young Ladies at Hamilton and Whitby in Ontario, Stanstead in Quebec, and Sackville in New Brunswick.

4. In the Stanstead College and in Mount Allison Academy provision for the education of boys, and

5. In St. John's, Newfoundland, a complete system of Normal School Work, in connection with the system of public instruction.

At that time the Educational Work of the Methodist Episcopal Church in Canada embraced the following:

1. Albert College and University and Alexandra College at Belleville, Ontario.

2. Alma College for Ladies at St. Thomas, Ontario.

The Union of the Churches involved the Union of these Educational Institutions under the supervision of one Educational Society, subject to the regulations contained in the "Discipline of The Methodist Church of Canada." The following were appointed as

1880 TO 1891. COBOURG, ONTARIO.
1892 TO 1902. QUEEN'S PARK, TORONTO, ONTARIO.

At the United General Conference of 1883 a Commission was appointed to arrange for the consolidation of Albert College, Belleville, with Victoria College, Cobourg. In obtaining the concurrence of the parties having legal jurisdiction in the case, an Act of the Legislature of Ontario was secured giving sanction to the same. By this Act the corporate name was changed from "Victoria College" to "VICTORIA UNIVERSITY," whose government was vested in a Board of Regents, Chancellor, Vice-Chancellor and Senate. To these bodies power was given to affiliate outlying Colleges, and full University powers in all Faculties were continued.

The following Colleges were accordingly affiliated with Victoria University:

1. Albert College, Belleville, Ontario.
2. Wesleyan Ladies' College, Hamilton, Ontario.
3. Ontario Ladies' College, Whitby, Ontario.
4. Alma Ladies' College, St. Thomas, Ontario.
5. Columbian Methodist College, New Westminster, British Columbia.

On November 12th, 1890, under the provisions of the Revised Statutes of Ontario, Chap. 230, and the Acts amending the same, Victoria University was, by Proclamation of the Lieutenant-Governor of Ontario, federated with the University of Toronto.

On June 5th, 1891, in pursuance of the Federation Act, the corner-stone of the New University building, located in the Queen's Park, Toronto, was, laid by Mrs. George A. Cox, of Toronto.

On October 1st, 1892, the Faculty of Victoria University occupied their new building, and the Federation of the Universities was practically consummated.

2. MOUNT ALLISON WESLEYAN COLLEGE.

SACKVILLE, NEW BRUNSWICK.

NOTE.—For historical record concerning this College from 1839 to 1880, and for names of its Graduates, see Vol. I., pp. 555 to 558.

In 1886 the Original Charter was amended by Act of the Provincial Legislature of New Brunswick and the Corporate name changed to "THE UNIVERSITY OF MOUNT ALLISON COLLEGE."

The office of President has been filled as follows:

1862-1869......Rev. Humphrey Pickard, M.A., D.D.
1869-1878......David Allison, M.A., LL.D.
1878-1891......James R. Inch, M.A., LL.D.
1891-1902......David Allison, M.A., LL.D.

According to the provisions of the amended Charter the ultimate ownership of the University is the General Conference of the Methodist Church. The direct government is, however, vested in a Board of Regents and a Senate, and the General Conference exercises a controlling influence on the affairs of the University, solely through the power conferred on it by the Charter of appointing a large majority of the Regents.

The University maintains complete and efficient Faculties in Arts and Theology, and confers all the degrees appropriate thereto.

4. ALBERT COLLEGE,

BELLEVILLE, ONTARIO.

This Institution was founded in the year 1854 by the General Conference of the Methodist Episcopal Church in Canada.

In 1857 it was chartered by Act of Parliament under the name of "BELLEVILLE SEMINARY," and was opened in July of that year with a superior staff of Instructors and a large number of Students. It thus ranks third in age of our Educational Institutions.

In 1866, by Special Act of Parliament, its name was changed to "ALBERT COLLEGE, and its Charter extended, giving it University powers.

In 1877 its Commercial Department was organized upon the same plan as the largest and most successful Business Schools. Diplomas are awarded in Bookkeeping, Shorthand, Typewriting and practical English courses.

In 1883, by the terms of the Union of the Methodist Churches of Canada, it became one of the Educational Institutions of "The Methodist Church."

In 1884 its Charter was amended by Act of Parliament, and Albert College was affiliated with Victoria University, and in 1890 with the University of Toronto.

In 1888 the College building, known as "The Residence," underwent a thorough system of repair. A fifth story with new roof was added, a new steam heating apparatus was placed throughout the whole building, and the older portions were all thoroughly renovated.

In 1896 the new buildings, known as "Massey Hall," and "The Gymnasium," were opened for the use of Students. They are among the most beautiful and costly buildings for School purposes in Ontario.

As now constituted Albert College has an ample teaching staff, composed of Honor Graduates or Medallists of Victoria or Toronto Universities, for imparting instruction to both Ladies and Gentlemen in all the highest branches of liberal Education. Its Senate has full powers to grant Prizes, Medals, Scholarships in Collegiate and Commercial Courses, and in Music and Fine Arts. Its buildings and grounds are valued at 80,000 dollars.

6. WESLEYAN LADIES' COLLEGE.

HAMILTON, ONT.

(For the record concerning this Institution and for the names of its Graduates from 1861 to 1880 see Vol. I., pp. 547 to 551.)

The Rev. Alex. Burns, S.T.D., LL.D., continued to be its Governor and Principal from 1880 to 1898, when the work of the College ceased. Dr. Burns made very earnest efforts to establish in its stead a Ladies' University with degree-conferring powers, but he did not succeed in enlisting public sympathy in the project, which to him was a great disappointment.

8. ALMA LADIES' COLLEGE,

ST. THOMAS, ONTARIO.

Alma College was founded by the Methodist Episcopal Church of Canada for the higher education of young women under religious auspices.

It was chartered by Act of Provincial Parliament in 1877, and opened for the reception of students Oct. 13th, 1881. It was thus in its beginning Connexional in its character, and at the Union of the several branches of the Methodist Church it became, like Victoria and Albert, one of the Educational Institutions of "The Methodist Church."

Starting with an attendance of 40 pupils, it rapidly grew from year to year, and in 1885 the Board of Management found it impossible to meet the demand for rooms, and McLachlin Hall was planned, and completed in 1888 at a cost of $21,000.

In 1890 both buildings were filled, the enrolment reaching 214 students. The estimated value of the property, with furnishings and apparatus, is $105,000.

Alma has complete Graduating Courses in Literature, Languages, Mathematics, Music, Fine Arts, Elocution, etc.

Few colleges, if any, are more beautiful for situation than Wesley College on Portage Avenue in the growing City of Winnipeg. Its career, which for a few years was full of struggle and difficulty, has recently been full of encouragement. The ministers and membership of the Manitoba and North-West Conference have been doing grandly in their contributions towards this College. A donation of $10,000.00 by the will of the late Hart A. Massey, Esq., of Toronto, proved to be a noble inspiration in the erection of the College, which is one of the most handsome in the Province. It is built of Calgary sandstone, and possesses all modern improvements. It is surrounded by a campus of five acres in extent. The cost of buildings and grounds has been upwards of one hundred thousand dollars.

The work done in the College covers the full course in Arts required by the University of Manitoba, in addition to its Theological work.

In 1877 the College was incorporated by Act of the Provincial Legislature, and in 1886 the Act of Incorporation was amended.

In June, 1888, the Manitoba and North-West Conference placed itself in hearty co-operation with the Board of Trustees to establish the College in an active and honorable position.

In October, 1888, Wesley was affiliated with the University of Manitoba, hence the coarse of study for all students proceeding to a degree in Arts is that prescribed by the University in the Department of Arts.

The Theological Department is entirely under the control of the College Board of Directors.

11. COLUMBIAN METHODIST COLLEGE,

NEW WESTMINSTER, B.C.

The Columbian Methodist College was founded in the year 1892 by the British Columbia Conference, and is the youngest of our Educational Institutions. It is designed to furnish a liberal education to the youth of both sexes. It was incorporated by the Act of the Legislature of the Province of British Columbia in 1893 with power to grant degrees in Theology. It is in full affiliation with Toronto and Victoria Universities. Its location is one of the most healthful and desirable in the Province, and its spacious and beautiful grounds afford excellent facilities for outdoor amusements.

12. METHODIST COLLEGE,

ST. JOHN'S, NEWFOUNDLAND.

The system of public education in Newfoundland is denominational, and sustained partly by Legislative grants, and partly by school fees, and by voluntary contributions from the people. It embraces the work of public or common schools, and academies or colleges. Boards to direct and control Methodist educational affairs, consisting of "Members of the Methodist Church, one of whom must be the Superintendent Clergyman," are appointed by the Governor in Council, for fifty-one districts. A Board of Governors with "Corporate powers, functions and duties, which is appointed by the Newfoundland Conference of the Methodist Church, and duly certified under the seal thereof to the Governor in Council," has the management and control of the Methodist College, but subject, as other schools, to annual inspection and report from the proper Superintendent.

For the historic items which follow I am indebted to the kindness of the Hon. H. J. B. Woods, who is a member of the Board of Governors, and who has for many years taken a great interest in the work of the College:

THE METHODIST COLLEGE, ST. JOHN'S, NEWFOUNDLAND,

Was established in the year 1859 and known as the "St. John's Wesleyan Academy." The first Principal was Mr. Alex. S. Reid, formerly of Sackville Academy, N.B. After twelve years of faithful service Mr. Reid resigned the position, and was succeeded in January, 1872, by William Henry, Esq., M.A., of Dublin. Unfortunately Mr. Henry's health soon failed, and in June, 1874, he was obliged to retire. During his short term he endeared himself, by his noble qualities of head and heart, to all who knew him. Shortly after his return to Ireland he died, much lamented.

In the fall of the same year R. E. Holloway, M.A., of London, was appointed Principal. He soon proved himself to be a man of rare ability and a born teacher. Under his management the Academy rose rapidly in public estimation, the attendance steadily increased, necessitating an enlarged staff of teachers, until it was found necessary to put up new buildings to meet the growing demand. First a new training and model school was erected. This was followed by a very handsome and commodious College building, which was finished and opened in 1887. The old Academy building was remodelled and fitted up as a Home for boarders and ministers' children. At this time a new Charter was issued by Act of Parliament for the appointment of a Board of Governors for the St. John's Methodist College. Tho Board held its first meeting in the new building on June 30th, 1887. The management of the College was committed to an Executive Committee, consisting of eleven members resident in St. John's.

On the 8th July, 1892, all these buildings were swept away by the great fire which in one night destroyed two-thirds of the city of St. John's. A special meeting of the Executive Board was convened on the 13th July, and although the homes and business premises of most of its members were also in ashes, it was resolved to rebuild the College as speedily as possible.

It was estimated that the new buildings—College and Home—of brick would cost $70,000 ; of this amount about $30,000 was available from Insurance. A subscription list was started at once, one member of the Board promising $5,000 and two others $1,000 each.

Notwithstanding the fact that St. John's was struggling to live and carry on its business in temporary structures pending the erection of permanent buildings, the College was started in the Spring of 1893, the Memorial Stone was formally laid on the 13th November, and the Schools opened September 6th, 1894.

The Home was also completed about the same time ; the cost of both buildings was $76,400.

The History of the College since that date has been one of continuous advancement. It has led all other Collegiate Institutions in St. John's. In the Annual Examinations, conducted under the direction of the Council of Higher Education, for the London University Matriculation and the Associate of Arts degree, as well as for the Intermediate Preliminary and Primary grades, it has always won the highest number of passes. Being one of three colleges in St. John's affiliated with the London University, the papers for these examinations are sent out from London under seal, submitted to the pupils in the presence of Supervisors appointed by the Council of Higher Education, sealed and returned to the Examiners in London, to whom the names of the pupils are unknown, the papers being numbered. The number of pupils attending the College last year was 500. At the General Conference held at Winnipeg in 1902, it was adopted as a Connexional Institution.

13. FRENCH METHODIST INSTITUTE,

MONTREAL, QUEBEC.

This Institution began its work in 1880. Its founder was the late Rev. Louis N. Beaudry, whose heart was on fire with love for God and a longing desire for the salvation and enlightenment of his fellow countrymen, the French-Canadians of the Province of Quebec. The object in view was specially to prepare young men for evangelistic work among the French. The work was begun with very limited accommodations, the basement of the Church on Craig Street being made to serve as class rooms, recreation rooms, etc., while a small dwelling adjoining the Church was made to serve as a place of residence for the students.

In the fall of 1889 the present large building on Greene Avenue. Westmount, erected by the Missionary Society was opened for the use of students and the scope of its work extended, so that now the Institute offers to prepare students for (1) The Conference Preliminary Course in French; (2) Entrance into the McGill Normal School; (3) University Matriculation. Sixty-five pupils were in residence at the close of its last session.

INDIAN INDUSTRIAL INSTITUTES.

The Methodist Church, Canada, has under its control and management four Industrial Institutes, four Boarding Schools and a number of day schools. In all of which educational work is done for the Government, for which the Society receives from the Indian Department about $44,000 annually. So that about one-half of the salaries of the teachers in the day schools is paid by the Missionary Society.

1. The Mount Elgin Institute at Muncey.

This school is about twenty miles from London, Ont. For historical notes concerning its early history see Vol. I, p. 551. The Rev. William W. Shepherd, of the London Conference, has been its Governor and Principal from 1881 to the present year, 1902. His management has been highly successful and the institution continues to prosper under his care.

2. The Brandon Institute.

This institution is located about 3 miles from the city of Brandon, Manitoba, and affords accommodation for 125 pupils. The Rev. Thompson Ferrier, who was appointed its Principal in 1899, still continues in that office, and the school prospers under his wise and judicious management.

3. The Red Deer Institute.

This school is about five miles from Red Deer and about half-way between Calgary and Edmonton. It has at present about 80 pupils. A farm of 480 acres is owned by the school, and an additional 640 acres is rented, providing pasture for a large herd, and furnishing all the wood necessary for fuel and fencing. The institution is under the management of the Rev. Charles E. Somerset, of the Manitoba and North-West Conference, whose report concerning his work is full of encouragement.

4. The Coqualeetza Institute.

This institution, built at a cost of $30,000, is located at Chilliwack, British Columbia. The farm connected with it and owned by the Missionary Society covers eighty acres. The Principal is the Rev. Joseph Hall, of the British Columbia Conference. There are at present (1902) about 100 pupils on the roll.

5. The McDougall Orphanage.

This institution is located at Morley in the North-West Territory, and is named after the late Rev. Geo. McDougall. Its Principal is Mr. J. Niddrie. Indian orphans of both sexes are admitted, and receive instruction in reading, writing, arithmetic, etc., and are also taught various useful employments.

6. The Norway House Boarding School.

This school is at the north end of Lake Winnipeg, Manitoba, and is also open for the reception of both boys and girls. The building will accommodate at least 50 pupils. The Rev. J. Albert Lousley, of the Manitoba and North-West Conference, is the Governor and Principal.

DEPARTMENT OF PUBLICATION.

BOOK ROOMS AND PERIODICALS.

I. TORONTO.

Enlargement, extension and general prosperity have continued to be characteristic of the Book Room and Publishing Departments of our Church work during the past twenty-two years.

In addition to the items of history recorded in Vol. I., pp. 527 to 533, we have taken from the Quadrennial Reports, as published in the journals of the General Conference, the following facts connected with the history of the Toronto Book Room and *The Christian Guardian*—facts which are well worthy of being preserved in this more permanent form :

At the meeting of the Conference of the Methodist Episcopal Church in Canada, held at the Bowman Church, Ancaster, September, 1829, a Committee was appointed to take into consideration the propriety of establishing a religious newspaper, under the direction of Conference, and to devise ways and means for accomplishing the same. The Committee was composed of the following : Franklin Metcalf, William Ryerson, Philander Smith, David Wright, James Richardson, Thomas Madden and Anson Green. They reported :

"1. That it is the opinion of your Committee that a weekly paper should be established under the direction of the Conference, of a religious and moral character, to be entitled *The Christian Guardian.*

"2. That the place of its location be the town of York.

"3. That the sum of $700 is sufficient to purchase all the apparatus for a Printing Establishment.

"4. That the sum of $2,050 will meet the annual expense of such a paper.

"5. That the annual income of the Office will be at least $2,800, leaving a balance in favor of the Office of $750 annually.

"6. That stock to the amount of $2,000 be raised by dividing it into 100 shares of $20 each, half of which to be paid immediately, and the remainder subject to the call of the persons who may be appointed to superintend the publishing of the paper ; the said stock to be repaid with interest as soon as the avails of the concern will admit of it.

"7. That the members of the Conference do take up the shares among themselves ; but if all be not disposed of in that way, that they use their influence with their friends to have the remainder taken up immediately.

"8. That a Committee of five persons be appointed annually by the Conference to superintend the publishing of the paper and other printing that may be done in the office, and that the General Superintendent of our Church and the preacher in charge of the station at York, be *ex-officio* members of said Committee, three of whom shall form a quorum for transacting business.

"9. That the Conference appoint an Editor, or Editors, of the paper annually, by ballot, without debate, who shall be responsible for his or their conduct as Editor or Editors, to the Publishing Committee in the interval of Conference.

"10. That the Editor be appointed an Agent to procure the apparatus and materials necessary for commencing the paper.

"11. That the price of the paper be 12*s.* 6*d.* currency per annum if paid in advance, or 15*s.* if not paid previous to six months from the time of receiving the first number, exclusive of postage.

"12. That all our ministers, travelling and local, be agents to the paper, and every agent who may procure fifteen subscribers, and use his best endeavors to make collections and obtain subscribers annually, shall be entitled to a paper gratis.

(Signed) "F. METCALF, *Chairman.*"

This report was adopted by the Conference, and Egerton Ryerson was appointed Editor and Franklin Metcalf Assistant Editor, and the following were appointed (in addition to those already *ex-officio* members) the Committee to superintend the printing establishment: James R. Armstrong, William Patrick, James S. Howard, Esq., Thomas D. Morrison, M.D., and Barnabas Brennan.

According to Resolution 10, Egerton Ryerson was appointed Agent to procure apparatus, etc., and he was furnished with the following certificate:

"This may certify that the bearer, Rev. Egerton Ryerson, is appointed Agent for procuring a printing establishment for the Canada Conference, and he is hereby commended to the Christian confidence of all on whom he may have occasion to call for advice and assistance for the above purpose.

"William Case, *Superintendent.*

"Jas. Richardson, *Secretary.*

"Ancaster, U. Canada, Sept, 4th, 1829."

On the 21st November, 1829, the first number of *The Christian Guardian* was published "in March Street,* north of the new Court House." "Egerton Ryerson and Franklin Metcalf, Editors." It was an eight-page paper, 13¼ x 10¼ inches, three columns on a page.

On the 19th December, 1829, this advertisement appears:

"In press, and will shortly be published, 'A Discipline of the Methodist Episcopal Church in Canada.' Agents will please send their orders as soon as possible."

This appears to have been the first book published at the office.

On the 11th September, 1830, the following appears:

"FOR SALE AT THIS OFFICE.

Excellent Bibles and Testaments, printed by the British and Foreign Bible Society, at very low prices; Methodist Hymn Books and Watts' Psalms and Hymns, of different qualities and sizes; also Sunday School Hymn Books of different kinds, and a small assortment of Sabbath School Books. We hope to obtain a larger supply shortly."

Thus they began to sell books.

On January 22nd, 1831, a list is published in *The Guardian* of "Books on sale at *The Guardian* Office." There are seventy-nine different books, including Bibles, Testaments, Hymn Books, Catechisms, Commentaries, Biographies, School Books, etc.

In the Minutes of 1833 (when the union with the English Conference took place, and the Church assumed the title of The Wesleyan Methodist Church in British North America) will be found:

Question 12—"What are the arrangements of the Conference with regard to books?"

"*Resolved,*—1. That a Depository of Books be established at York, and that a Book Committee be appointed, consisting of the Chairman of the York District, the Superintendents of York Station and the Yonge Street Circuit—Brothers William Case, Joseph Stinson and Egerton Ryerson—who shall have power to order books from Great Britain and the United States, to examine accounts, and otherwise manage the Concern.

"2. That the Book Committee render to each Conference a detailed account of the state of the concern.

"That Brother Egerton Ryerson be appointed Book Agent.

"4. That no preacher shall order or in any way procure books for sale, except through the Book Agent or Committee.

"That the preachers be respectively held responsible for all books they order, and that they be allowed a discount of ten per cent. on all such books."

Thus the sale of books already begun was formally recognized and arranged for.

In 1835, Matthew Lang was appointed Book Steward, and Ephraim Evans, Editor. Also, the same year, William Lord and Egerton Ryerson (President and Secretary of the Conference) Delegates to attend the American General Conference in Cincinnati, in May, 1836, in order to negotiate on the claims of this Conference upon the New York Book Concern. In this, according to living testimony, they were not successful, the American brethren merely promising them special discounts on their purchases.

---

* Afterwards named Stanley Street, but now known as Lombard Street. The new Court House referred to was at the corner of Church and Court Streets.

In 1837, Ephraim Evans was again appointed Editor, and John Ryerson was appointed Book Steward, and extended regulations for the management of the Concern were formulated and published.

The Establishment, which began its operations in March Street, had several removals before it became settled in its own building at 9 Wellington Buildings, King Street East.

On 15th January, 1831, *The Guardian* informs us: "*The Guardian* Office is now removed to a new brick building over the store of Mr. J. R. Armstrong, King Street East; place of entrance between the stores of Messrs. Armstrong & Strange."

In November, 1832, it was removed to Jordan Street, a few doors south of King Street West; and on the 16th July, 1834, *The Guardian* appeared dated from Toronto Street, West of the Jail.*

On 12th April, 1838, a deed was executed (vellum 2 feet 2 inches × 2 feet 5 inches—2 pages) by Grant Powell, John W. Gamble and D'Arcy Boulton, on behalf of the Magistrates of the Home District, to Ephraim Evans, granting for the sum of £700, Lot No. 9, north side of King Street East, Court House Square, 27 feet 5¾ inches on King Street by 156 feet to a roadway.

On this lot, according to the condition in the deed, a brick building was erected, and on the 8th November, 1838, the plant and stock were removed to it, and the business commenced there, with Egerton Ryerson, Editor, and John Ryerson, General Book Steward.

On the 16th of July, 1840, Ephraim Evans conveyed to John Ryerson, of Toronto; Roley Hyland, Streetsville; Hamilton Biggar, Stamford; Henry Wilkinson, Prescott; John Beatty, Cobourg; Alexander McNab, Township of Toronto; and David Wright, Markham, the same piece of property, and the deed sets forth that it had been purchased by Ephraim Evans on behalf of the Wesleyan Church for the accommodation of their Book and Printing Establishment.

For a number of years the premises on King Street were felt to be too small for the operations of the Concern, already large and rapidly growing, every inch of space had been utilized, both in cellar and attic, and many consultations were held as to the best method for obtaining increased accommodation, without any conclusion being arrived at, until the building and site of the well-known Richmond Street Church was, after a forty-four years' term of great usefulness, offered by its trustees for sale, the business changes in that part of the city having made it a difficult matter to keep up a congregation there. The church was purchased for a little over $30,000, and additional buildings were erected, making the cost of the whole $116,370.29.

On the 1st of September, 1889, the whole establishment was removed to its new and extensive premises.

WESLEY BUILDINGS,

the name given to the new establishment, are situated on the south side of Richmond Street, a little west of Yonge Street, and have a frontage of 100 feet, and extending 176 feet through to Temperance Street. The Richmond Street Wesleyan Methodist Church stood in the centre of the block. The frontages on both streets have been fully built up with handsome structures of five storeys high. The Temperance Street portion contains several of the manufacturing departments as well as the wholesale trade and Subscription Book departments. The whole of the old church structure was retained, and is now a building of five storeys, with a basement, which is one of the airiest and best lighted press-rooms in the Dominion. The ground floor contains the offices of the institution and a magnificent stock-room. Over this, on what was the level of the Church gallery, is the compositors' room. Over this and above the old Church ceiling is the sheet room, an indispensable adjunct of a Publishng House. The Richmond Street extension of 100 feet frontage, on the ground floor is divided into three stores, one of which is occupied by the Concern as its retail book store, the other two being rented as offices. The centre is taken up with entrance to the upper part of the building, the first floor of which contains the whole of the Connexional Offices, an arrangement that fills a long-felt want.

The two upper floors are fitted with offices for public rental, except a roomy, comfortable Board Room, now generally used for all Connexional purposes. The upper part of this building is reached by a hydraulic elevator, in addition to comfortable and roomy flights of stairs.

THE BOOK STEWARD.

As noted in Vol. I., p. 533, the General Conference of 1878 elected the Rev. William Briggs, D.D., as Book Steward, and he has been so successful in his management of every department of this ever-growing and expanding Institution that he has been continued in office for six Quadrenniums, and at the General Conference of 1902 was unanimously elected to remain in charge for a seventh Quadrennium.

---

* The Jail was on the corner of Toronto Street and what is now known as Court Street.

Some idea of the prosperity of the Concern may be had by a glance at the following figures, which show the steady increase in the

II. Halifax.

The Book Room at Halifax was established in 1848. See Vol. I., p. 533. Under the management of the Rev. Stephen F. Huestis, D.D., who was appointed Book Steward in 1880, and who has been continued therein by the unanimous choice of the General Conference at its successive Quadrennial sessions, the Halifax Book Room has rewarded his diligence and fidelity with a gradual increase of business and an ever-widening influence. The building on Granville Street, which had been rented for several years, has been purchased and improved, and is now much better adapted for the Book and Publishing Work of the House. By a unanimous vote of the General Conference of 1902 Dr. Huestis was re-elected as Book Steward for the Quadrennium, 1902-1906.

III. Montreal.

This has been continued as a branch of the Toronto House (see Vol. I., p. 533), and is still in charge of Mr. Christopher W. Coates, under whose faithful business management the liabilities have been reduced and its capital increased. Notwithstanding the disadvantages of location in a City where the large majority of the population is Roman Catholic, this Book Room continues to show considerable vitality and gratifying progress.

(For details regarding the Stock, Sales, Expenditure, Profits, etc., of these Establishments see Journal of General Conference for 1902.)

In connection with the Union of the several Methodist Churches in 1884 it was agreed that *The Canada Christian Advocate*, the organ of The Methodist Episcopal Church, *The Christian Journal*, the organ of The Primitive Methodist Church, and *The Observer*, the organ of The Bible Christian Church, should be amalgamated with *The Christian Guardian*, the organ of The Methodist Church of Canada, and that the last named should be the organ of The Methodist Church, and that it should be sent for the remainder of the year to all the subscribers of the discontinued papers for the unexpired term of their paid-up subscriptions. This was done, and the constituency of *The Christian Guardian* was thereby considerably enlarged. On the first of January, 1885, its form was changed from a large double, double-demi sheet of eight pages to a folded sheet of sixteen pages, and on the first of January, 1903, its form was again changed so as to make a folded sheet of thirty-two pages, thus making it much more convenient for handling and for preservation.

At the General Conference of 1894 it was resolved to reduce the price for *The Guardian* from two dollars to one dollar, with the hope of placing it more widely in the homes of our people.

EDITOR.

1881-1902......Rev. Wm. H. Withrow, M.A., D.D., F.R.C.S.

At the General Conference of 1902 Dr. Withrow was unanimously elected Editor for the Quadrennium 1902-1906.

This valuable Magazine and Review has now completed its fifty-sixth volume and twenty-eighth year. Year after year it retains its hold upon the patronage of the public, and exhibits continuous improvement in its literary character and in its beautiful artistic illustrations of many lands, and especially of the lands of the Bible.

Its wise discussion of many important social problems, its valuable articles on Missionary and Religious topics, its character studies of the world's great leaders of thought and action, its many interesting serial and other stories, and its valuable papers on popular science, meets a long-felt want among our people, and ought to secure for it a very much larger circulation than it now enjoys.

Its circulation on March 31st, 1902, was 2,726, an increase of 78 over the preceding Quadrennium.

TORONTO DEACONESS HOME AND TRAINING SCHOOL.

This is the youngest branch of our Church work. It was born in the year 1894 and has proven itself to be worthy of all praise.

The Modern Deaconess Movement had its origin in Germany. The Rev. Theodore Fliedner, a German Protestant pastor, seeing in his parish the great need of benevolent work by women, and believing in the Scripturalness of the Order, organized the first modern Deaconess Home in his own house in the year 1833. So greatly was the work done by this agency appreciated that other Churches adopted their plan, and there are now upwards of ten thousand Protestant Deaconesses employed in about fifteen hundred different fields in Germany, Italy, Asia Minor, Syria, and in England and America.

In England Deaconess Homes have been established by Florence Nightingale and Dr. Barnardo, and among the English Methodists by Rev. T. Bowman Stephenson, D.D., and the late Rev. Hugh Price Hughes.

In the United States, in the year 1850, Deaconess Work was begun under the efforts of a German Lutheran Pastor in Pittsburg, Pa. In the Methodist Episcopal Church in the United States the first Deaconess Home and Training School was opened in Chicago by Mrs. Lucy Rider Meyer on October 20th, 1885. The General Conference of the Methodist Episcopal Church which met in 1888 gave the movement its hearty sanction. Since then Homes have been established in New York, Boston, Cincinnati, Minneapolis, and other large centres.

Recognizing the importance and value of the work being done through this agency in the Church, Toronto Methodists deemed it advisable to organize for similar work in connection with city churches. The Toronto Annual Conference of 1891 gave the matter some consideration and appointed an influential committee to inquire into its methods of work, relationship to the Church, etc. The Conference of 1893 decided, on recommendation of that committee, to form "such a systematic organization of Christian women as will give them an official relation to the Church, similar to the Order of Deaconesses in primitive Christianity." In the Autumn of 1893 a Home was secured at No. 28 McGill Street, and on May 28th, 1894, it was opened with Miss Alice M. Thompson, a graduate of the Chicago Training School for Home and Foreign Missions, as Superintendent. At the end of the first year the class in training numbered six. In 1897 Miss Thompson resigned her position of Superintendent in order to accept a place in the Chicago Training School, and Miss E. Jean Scott, the present efficient Superintendent, was appointed in her stead. Through the munificent liberality of the late Hart A. Massey, a valuable property for a Deaconess Home and Training School was secured at 257 Jarvis Street, and by the same generous thoughtfulness the sum of ten thousand dollars was set apart for the maintenance of Deaconesses in connection with the Fred Victor Mission in Toronto. By the generous aid of the ladies of Toronto this beautiful Jarvis Street Home has been well equipped and furnished for its noble and good work.
